

**The Responsive Space 2005 Organizing Committee is pleased to announce the:
Responsive Space Conference Student Scholarship**

Purpose: To encourage and promote student participation in the quest for developing the technologies and processes to enable more responsive space missions.

Eligibility: Any student presently enrolled at a U.S. college or university (full or part-time) who is submitting an abstract for a paper to the Responsive Space Conference, held April 25-28, 2005 in El Segundo, CA, and who will be presenting that paper if it is accepted for the conference. Applications must be received by January 20, 2005.

Criterion: Merit, based upon the submitted abstract, advisor's letter of recommendation, and curriculum vitae. Each student must also submit a requested budget.

Award: The cash award will cover expenses for travel, lodging, meals, and conference registration (student rate). The maximum total award is \$1,000 per award winner. Up to two awardees will be selected each year.

Administration: The Student Scholarship subcommittee will select award winner(s) based upon the relevant information contained in the abstract, letter of recommendation, and curriculum vitae. The subcommittee will make these selections after conferring with Responsive Space Conference Organizing Committee. The amount awarded will be based on the budget requested by the student, and will not exceed \$1,000. Unless otherwise arranged, student award winners will make all travel arrangements and pay for all expenses up front, with the exception of the conference registration fee. At the conclusion of the conference the student will provide the scholarship subcommittee with receipts for all travel, lodging, and meal expenses. After receiving the receipts, the Responsive Space Conference treasurer will issue a check to the award winner for the total amount of the expenses. In the event that total actual expenses significantly exceed the amount requested in the application budget, the Responsive Space Conference Organizing Committee has the right to limit refunds to the amount in the application budget. Please note that there will be no refunds for meals that are available at the conference and included in the conference registration.

Applicants will be notified of whether or not they have received an award by February 1, 2005.

Application Submittals: Applications should be submitted by January 20, 2005 by mail or fax to:

Responsive Space 2005 Student Scholarship Subcommittee
c/o Regina Jenkins
401 Coral Circle,
El Segundo, CA 90245
FAX: (310) 726-4110
